

FLAIL MOWER MMT 14 - 30 KW (19-40 HP)

The MMT flail is particularly suited for cutting grass on all green areas, in orchards and vineyards and for cutting crop residues. It will cut material up to 3 cm diameter and has a choice of hammer blades or Y blades. It is light weight yet very strongly built and its low power requirement means that it is best suited to small tractors. Front mounting it optional. The rotor is a double spiral rotor which gives a 45% distribution of working blades and requires less power whilst ensuring a fast work rate and great finish.

MMT	 KW-HP	 cm	 cm	 rpm	 pc	 pc	 kg	 cm
105	14-20/19-27	102	120	540	28	14	160	*3
115	15-23/20-30	116	134	540	32	16	171	*3
130	23-27/30-37	129	147	540	36	18	183	*3
150	27-30/35-40	145	163	540	40	20	205	*3

*depends on the type and humidity of wood
